

Dear Community Partner,

I am happy to report that we are in the midst of a very exciting campaign – **A Call to Men!** This is the year we **engage men** in the discussion about their role in the effort to end violence against women. We need our community leaders, fellow service providers and concerned and interested community partners to be a part.

Please see the information below for ways you and your organization can participate!

You are receiving this email and pre-registration opportunity prior to registration opening to the general public. Please reserve your table early. Seating is limited.
